EPP holders must meet the following eligibility requirements:

- Current employees at LAX with an active LAX ID badge and permanently assigned to work at LAX with a critical business need for immediate and direct access to the CTA. Only the following are eligible for enrollment in the EPP program: LAWA employees, airlines, airline consortiums, concessionaires, ground handlers, parking contractors, and government agencies.

EPP must also comply with the general guidelines below:

- **Parking Availability**: General Parking is available on a first-come, first-served basis and no guarantee that a space will be available.

- **Parking Agreements**: Employees are required to execute a parking agreement inclusive of the rules and guidelines of the EPP Program. Use of EPP Cards for personal travel (i.e., unrelated to official airport business) is prohibited.

- **LAWA Letter Required**: Applications for EPP Cards for airlines, airline consortiums, concessionaires, ground handlers, and tenants of LAX will require an accompanying letter on LAWA letterhead from their LAWA Business Relationship Manager (BRM) to confirm their eligibility to enroll into the EPP program and must be provided to Parking Services. Failure to provide the letter will result in denial to enroll in the EPP program.

- **Electric Vehicle Parking**: Employees are required to pay the current posted fee for EV charging. If employee’s vehicle has been issued a safety recall involving battery fires and/or is recommended to be parked outside, employee’s vehicle is prohibited from parking until employee’s vehicle has been repaired, and proof of repair is submitted to Parking Services.

- **License**: Customer shall not assign or sub-lease any parking space. LAWA may terminate this license in the event of any such assignment or sublease. Except for towing, vehicle services such as repairs and installations (including, but not limited to, windshield chip repairs, stereo installation, etc.) are not permitted inside the garages under any circumstances.

- **Assignment and Transfer Prohibition**: Unless otherwise stated under the EPP Program Guidelines, EPP Cards are assigned to LAX employees and are not assignable or transferable to other persons. EPP holder is responsible for all activity associated with his/her card and is accountable for parking fees, if applicable.

- **Disabled Employees**: Employees with a valid state-issued disabled person parking placard are eligible for one Basic EPP Card; however, LAWA will deactivate disabled employee’s Basic EPP Card upon expiration of the disability placard. LAWA will not waive Promise-to-Pay notes (PTP) issued to employees with expired disability placards.

- **Time or Period Restrictions**: Employees parking without a valid EPP Card or parking in excess of the time or period (22 hrs. for Basic EPP and 30 days maximum for Premium EPP) allotted to the employee’s respective EPP Card, will be subject to posted parking rates for the extended duration of stay as applicable. LAWA will not waive PTPs issued to employees for amounts due for parking in excess of the employee’s allotted time. Customer acknowledges that any vehicle parked in an unauthorized area or beyond the maximum thirty (30) day limit is subject to removal from the facility at the sole cost and expense of customer.
Improper Use and Abuse of EPP Privileges: The parking revenue control system will issue reports of EPP Card use discrepancies. Abuses and improper use may result in:

1.) Revocation of EPP privileges.
2.) Requirement to pay applicable outstanding parking fees within seven (7) days of receipt or customers may pay their fees at the parking operator office that same day.

It is the responsibility of the EPP cardholder to ensure the proper use of the card and the security of the card from loss and misuse.

Additionally, customer’s EPP Card must be reset once they exceed twenty-two (22) hours by visiting the parking operator office (ABM) during the hours of 8:00 a.m. - 4:00 p.m., Monday through Friday. Customers who plan on parking in excess of twenty-two (22) hours under the Basic EPP Card may make arrangements with the parking operator to pay for the excess time parked in the parking structures.

Customers who fall delinquent in their parking charge account/fees are subject to cancelation of EPP use and program.

Parking Garage Safety: Customer shall use the parking facility in a manner not to endanger or cause a hazard, injury, or a safety issue to others and/or their or other vehicles. Anyone using parking facilities in a reckless manner may be cited and their parking privilege revoked.

Vehicle Tailgating: Under no circumstances is tailgating allowed at entry or exit of any parking facility. Anyone found tailgating may have their parking privilege revoked.

Lost, Stolen, Damaged Cards: Lost, stolen, or damaged EPP Cards must be reported to ABM at (310-646-2911) or its designated representative immediately. A LAX ID badge will not be accepted in lieu of a lost or misplaced EPP Card. Failure to report a lost or stolen card may result in revocation of EPP privileges.

Terminated Employees: EPP Cards must be immediately returned to ABM during regular business hours upon employee’s termination of duties at LAX. Failure to report an employee’s termination of duties at LAX may result in revocation of employer’s EPP privileges.

Liability: Each EPP cardholder acknowledges and agrees that they park their own vehicle and assumes all risks. LAWA does not guard, assume care, custody, or control of the vehicle and/or its contents and is not responsible for fire, theft, damage to, or loss of such vehicle or any items of personal property left therein. This is a license to park only; therefore, no bailment is created. Customer is granted the license to park the automobile identified on this application. This license is personal and non-transferable.

ALLOTMENT OF COMPLIMENTARY EPP CARDS

The quantity of EPPs allocated to each airport organization is referenced in the following Tables for each respective group below. Distribution of EPP allotments to employees within an organization is at the discretion of the organization, subject to approval by LAWA.
