EMPLOYEE LOTS

Limited Availability

At this time, there is currently no waiting list for LAX Employee Parking in the East, West, and South lots.

We encourage LAX employees who plan on parking in these lots to apply with ABM at their earliest convenience due to limited availability. Contact info can be found below.

Bus Shelters

Employee Lots are scheduled to receive prefabricated and durable bus shelters (10' x 25') within the next three months. These will be installed at the Employee Shuttle stops.

Lot South Gates

Entry gates for the new Employee Lot South are scheduled to have cameras and intercoms installed within the next three months.

LAX employees who illegally park in the employee lots without their proper access card will be cited and towed at the owner's expense.

ADA SHUTTLES

New Bus Wrap

ADA Shuttles will be sporting a new look that highlights the LAX Guest Experience. Passengers will be able to easily identify the shuttle when boarding.
